**Miscellaneous items**

**Milton Gate Stables:**

A High Court Injunction was awarded on behalf of the Council in mid-March after a two day trial. Notices were served on the land and were also served on the property entrance along Milton Gate. The injunction will be posted online by the High Court but the summary is that they have to remove the access by 18<sup>th</sup> September 2023, they are required to remove the hardstanding and gate access and by 17 April 2024 to have reinstated the grass verge.

**Update from WDC 04/01/24:** The injunction is being complied with at this time. They have further steps to carry out prior to April but the site is being actively monitored. They have placed a 5-bar gate up but this is permitted development and does not appear to be being used as a vehicular access.
